CMS & Cloud

- Strapi, Sanity, Contentful
- Vercel, Netlify, AWS (S3, Lambda)
- Docker, PM2, Nginx, GitHub Actions

Testing & Quality

- Jest, React Testing Library
- Cypress, Playwright
- ESLint, Prettier, Husky

LANGUAGES

English — Professional

Urdu — Native

Brushaski — Native Speaker

INTERESTS

- Technology & AI Innovation
- Teaching & Mentorship
- Community Development
- Open-source Contributions

SUMMARY

Senior Full-Stack JavaScript Developer with 5+ years of professional experience building scalable, high-performance web applications and SaaS platforms. Specialized in modern JavaScript ecosystems across frontend and backend, with strong expertise in React, Next.js, Node.js, APIs, databases, and cloud deployments. Experienced in AI integrations, system optimization, and delivering production-ready solutions for global clients and startups.

WORK EXPERIENCE

ArcadianAI — 2024 – Present

Senior Full-Stack / Front-End Developer

- Developed scalable SaaS applications using Next.js, React, Node.js, and modern API architectures
- Integrated OpenAI APIs for AI-driven features and automation workflows
- Improved frontend performance, SEO, and application stability

Xensam | FieldPulse — 2024 – 2025

Front-End Developer (Remote)

- Built responsive dashboards and complex user interfaces using React, Vue.js, and Tailwind CSS
- Converted Figma designs into high-quality, reusable components
- Integrated APIs and optimized data-heavy views for performance

uConnect Technologies Pvt Ltd — 2020 – 2024

Front-End Developer

- Delivered multiple production web applications using JavaScript frameworks
- Worked closely with backend teams to integrate REST APIs
- Refactored legacy codebases for better maintainability and scalability
